Why choose us?

Since our first visit to South Africa in 2011, we have been deeply in love with the country. The following year, we established our amazing lodges in the Limpopo Province.

We have many years of experience in the hunting and safari industry. Our team consists of highly professional individuals, all dedicated to ensuring the best possible experience for each guest. We guarantee an unforgettable experience for both hunters and their companions, whether family or friends.

We have lodges located inside Kruger National Park, providing us with a unique opportunity to experience the Big 5 in this world-famous park. Additionally, we have lodges in the Greater Kruger region, where our hunting areas are also situated. The hunting grounds cover a total of 24,000 hectares.

All our accommodations maintain the same high standards, both in terms of comfort and the quality of the food.

Hear from our guests

Just returned from an absolutely amazing and unforgettable trip to this wonderful place. We have never experienced anything like it. Everything was very well organized, and the place was run with the utmost love and warmth from both the owner and the staff.

We were spoiled with the most delicious food prepared by the head chef, went on fantastic tours with our ranger, had a memorable and thrilling hunting adventure with the PH, and felt an incredible warmth from the owner and hostess. Thank you so much for letting us be part of the hunting and safari family. Our highest recommendations, and we will surely see you again.
